

## REMARKS

A "Notice of Drawing Inconsistency with Specification" was issued by the Office on 17 March 2010 concerning the indicated patent application. In the Notice, it is stated that Figure 22 is contained in the drawings but is not listed in the Brief Description of the Drawings in the specification. Correction of this inconsistency is required.

Herein, the Brief Description of the Drawings is revised to specifically reference Figure 22. Thus, withdrawal of the Notice and issuance of the patent are respectfully requested.

If there are any fees due with respect to this Amendment or otherwise, please charge them to Deposit Account No. 06-1130 maintained by Applicant's attorneys. The Office is invited to contact Applicant's attorney at the below phone number regarding this submission or otherwise concerning this application.

Respectfully Submitted,
